

# A SHORT COURSE ON PRECISION MEDICINE IN AFRICA

PRESENTED BY : Sydney Brenner Institute for Molecular Bioscience (SBIMB) and Division of Human Genetics, National Health Laboratory Service and School of Pathology, Faculty of Health Sciences. University of the Witwatersrand, Johannesburg

This three day **short course** aims to introduce a more general audience to precision medicine and to emphasize some of the issues related to developing a precision medicine agenda in Africa. It will inform individuals of the potential impact that our enhanced understanding of the human genome could have on modern clinical practice.

VENUE: The Mount, 9 Jubilee Road, Parktown, Johannesburg

DATE: 24-26 June 2018 (08:00 - 17:00 daily)

ACCREDITATION: 21 CPD points

COST: R3500 (incl.VAT); R3000 (Wits staff & students incl.VAT)

EXTRA INFORMATION: [jocelyn.gayenga@wits.ac.za](mailto:jocelyn.gayenga@wits.ac.za)
